

## **REQUEST FORM: POPLAR TRANSFORMATION**

(including initial transformation, prod. of transgenic shoots, prod. of transgenic lines)

**Request date (yymmdd):**

**Group leader:**

**Originator (Name):**

**Construct name:**

**Gene of interest:**

(Genome locus number)

**Gene name or annotation:**

**PU number:**

**Agrobacterial strain:**

**Vector:**

**Selection:**

(antibiotics)

**Description of the transgene:**

(Promoter::GUS, GFP, Heatshock, RNAi, 35S overproduction etc)

### **For Transgenics Facility Staff**

Transformation date:
